OMNITRONIC S-815 Stand Adapter

Variable tilt adapter for speaker stands

Art. No.: 60004570

GTIN: 4026397761382

Description:

The S-815 is a variable tilt adapter made of black powder-coated steel. It is used to mount speaker systems on a stand in professional settings. For effective coverage, the tilt angle can be adjusted up to 15° even when the speaker is mounted. The adapter can be attached to 35 mm stand poles and secured by a locking screw. It is designed for a load distribution of 30 kg.

Features:

- Tiltable up to 15° even when the speaker is mounted
- Optimizes coverage and high-frequency directivity
- For Ø35 mm stand tubes
- For application areas such as: Mobile djs / entertainer
- Application possibility: On stand
- Easy installation
- The article is delivered ready to stand
