EUROPALMS

EUROPALMS Canary date Palm, artificial plant, 240cm

Canary date palm with textile leaves

Art. No.: 82511311

GTIN: 4026397641530

Description:

The beautifully shaped Canarian date palm by Europalms is already equipped with flame-retardant leaves when delivered from the factory. This makes it particularly suitable for use in places where DIN 4102/B1 fire protection regulations require it. These are, for example, public facilities such as public authorities, hospitals, retirement homes, but also event halls or exhibition stands.
In addition, we recommend to freshen up the flame protection with a corresponding spray according to DIN 4102/B1 in regular intervals.
The protruding leaves start already in the lower plant area and give the palm its luxuriant appearance.
The artificial plant has a total height of approx. 240 cm and is firmly planted in a terracotta-look plastic pot for stabilization.

Logistic

EAN / GTIN: 4026397641530
Weight: 29,25 kg
Length: 1.65 m
Width: 0.50 m
Heigth: 0.38 m
Bulky product

Features:

- Artificial trunk
- 16-fold branched
- Easy to assemble
- With greencolored lifelike leaves
- B1 low flammability

Technical specifications:

Trunk:	Artificial trunk
	16-fold branched
