Description:

The pumpkin man from Europalms will be the center of attention at any Halloween party. He is the perfect Halloween twist on a scarecrow, but is he also equipped for the typical tasks of a scarecrow?

In his checked shirt and unmistakable dark blue farmer's dungarees with straw hanging out of them, "Tom" perfectly embodies the traditional motif of a straw man. However, the carved pumpkin head with a creepy grimace sends a shiver down your spine and creates the perfect link to Halloween. Using the integrated microphone, the "Step here" switch pad or wired manual control, the animation of the decorative figure is activated and "Tom" fidgets wildly with his legs while an audio file with speech and crazy laughter is played. This immediately puts all annoying onlookers to flight.

The figure is attached to a metal pole, with the pumpkin head pointing downwards as if the pumpkin man were doing a handstand. The figure can also be anchored in the ground using a two-pronged spike.
