EUROLITE Barrier System SW-1S with Retractable black belt

Barrier system with black metal surface and retractable strap

Art. No.: 80702991

GTIN: 4026397683899

Description:

The practical barrier system is an enormously variable helper for many situations. It has a black metal surface and is supplied with a 2,9-meter long retractable strap in black or red. The low weight makes it easy to move the system. If several posts are combined to form longer orientation lines, you can reliably guide people in cash desk areas, exhibitions, museums, restaturants, clubs and more. Of course, the posts are also suitable for cordoning off certain areas or designing inviting entrance areas.

Logistic

EAN / GTIN: 4026397683899
Weight: 6,72 kg
Length: 0.91 m
Width: 0.36 m
Heigth: 0.36 m

Features:
