## Description:

What do you associate with a typical desert landscape? Cacti?
Then the 2-armed artificial Mexican cactus from Europalms should not be missing in your decoration design!
The decoration object is made of high-quality plastic. Among other things, the brown coloring of the older small spines with their felt, as well as the fresh light green of the lace were implemented in detail.
Whether in the wellness area, bistro, shop or at your home - it is always an eye-catcher.

Included in the delivery is a basic gardener's pot covered with small stones, which gives the plant a stable stand when placed in a planter.
