FIRESILX Cherry Spray XXL, artificial, pink, Class B, s2, d0 low flammability, 100 cm

Art. No.: 10062510550

Abundant blooms for creative floral designs

GTIN: 5055183994573

Description:

Cherry blossoms symbolize beauty, transience, and new beginnings in many cultures. With the artificial Cherry Blossom Branch XXL (FIRESILX), the unique charm of this beloved flowering plant can be incorporated into sophisticated decorative concepts throughout the year.

The numerous blossoms in soft shades of pink give this decorative branch an elegant sense of lightness while creating a warm and inviting atmosphere. In nature, cherry trees transform their surroundings into a breathtaking sea of color each spring, a spectacle that captivates people around the world. As a high quality artificial plant, this flowering branch brings the timeless beauty of cherry blossoms indoors and creates stylish accents with a natural appearance. Measuring 100 cm in length, it offers a wide range of creative decorating possibilities in vases, planters, or seasonal displays. Especially when arranged in groups or combined with other flowering and foliage plants, it creates striking compositions that enhance reception areas, hotels, restaurants, retail spaces, and upscale residential interiors.

Thanks to its flame-retardant B1 construction, this flowering branch is also suitable for environments with increased fire safety requirements. Whether in public facilities, trade show installations, event venues, or prestigious commercial spaces, decorative design concepts can be realized even where specific fire safety regulations must be observed.
